## 2. Bella Breath & YOGA-Retreat

### Flow with your lovely breath

22<sup>nd</sup>-29<sup>nd</sup> September 2018 – in Sardinia, Italy  
with Denise and Donna Danton

#### Back to the roots

We are excited to be leading our second retreat in beautiful Italy. We love the combination of water and sun, whether we are at the sea or in a nice pool, it immediately gives us a feeling of vacation and relaxation. Last but not at all least, there is of course the Italian food – a culinary dream!

#### Moving moments

Like on all wellBEing retreats we focus on feel good flows, stretching and relaxing. As a tradition, we start every morning with a nicely energizing class, combining aspects of Ashtanga Vinyasa Yoga with those of classic Hatha Yoga. In the late afternoons we dedicate ourselves to deep relaxation, breathing techniques and regeneration, spicing up the program with little surprises from Thai Yoga and Flying Bodywork.

Whether you are an experienced Yogi or a cautious beginner or – probably – somewhere in between: You are in good hands, every level is welcome.

#### Room for rest

Away from the crowds and in the middle of the untouched southwest coast of Sardinia lies the Hotel Costa dei Fiori, surrounded by a lush park with palm trees and flowering plants, in close proximity to the gorgeous beaches of Chia with its white sands, golden dunes and the emerald sea. With its traditional Sardinian style and friendly personnel the hotel radiates a feel-good atmosphere. One of the seawater pools is an infinity pool, offering a breathtaking view of the ocean.

#### Meals and mindfulness

Mindfulness accompanies our meals but also the way our food is prepared: In the best Sardinian culinary tradition. After years of experience in star-rated restaurants the chef will do his magic and create Mediterranean and Sardinian delicacies, only using fresh products from the region. Vegetarians will of course also get their money's worth and so do lovers of fine wines: The hotel's wine cellar contains wines from the region, from Italy and France, to go with every kind of meal.
